

CANADIAN NATURAL RESOURCES CONSOLIDATES COTE D'IVOIRE INTERESTS

Additional Information – Côte D'Ivoire Block CI – 26 Espoir Development

1. Côte D'Ivoire Land Holdings (See Map)

- Block CI – 26 comprises 575 km² (w/i = 58.67%) – Espoir
- Block CI – 40 comprises 557 km² (w/i = 61%) - Baobab
- Block CI – 101 comprises 3,214 km² (w/i = 35%)
- Block CI – 102 comprises 861 km² (w/i = 72%)
- Block CI – 103 comprises 2,512 km² (w/i = 35%)

2. Espoir Development Plan

Block CI-26 is located in water depths up to 2,100 feet in the Abidjan Margin basin. Espoir itself is about 60 kilometres offshore from the city of Abidjan.

Canadian Natural's development plan for the field, for which project sanctions to implement was attained in August 2000, will include the production and storage of crude oil to a dedicated FPSO. Tankers will be loaded from this facility for crude delivery anywhere in the world. A subsea pipeline will take associated natural gas production to shore for local in-country sale. A long term gas supply contract has been signed with the Cote D'Ivoire government in this regard.
